## Currently on sick leave

In the event of sick leave:

- 1 **If you have a hard copy of your doctor's note,** pages 1 and 2 must be sent to the MSA or your previous social security scheme (if your MSA rights are not yet valid) within 48 hours. Page 3 must be sent to your employer.  
**If you have an electronic copy of your doctor's note,** page 3 must be sent to your employer.

- 3 If your sick leave needs to be extended, a timely follow-up appointment will be required to avoid an additional waiting period and/or the interruption of benefits between the issuance of your new doctor's note and the payment by the MSA.

- 2 Make sure that you have sent your bank details to the MSA.
